MEMORANDUM FOR: Director of Research and Development
Chief, Technical Services Division

SUBJECT: ORD and TSD FY 69 to FY 70 Program Plans

1. On 13 December 1967 a joint meeting was held by technical personnel from TSD and ORD to review research and development plans for FY 69 and FY 70. Each RP/ORD project area was reviewed to determine:

- a. Did it respond to a direct TSD requirement;
- b. Was the project area of mutual interest to TSD and ORD;
- c. Was there any duplication of effort;
- d. Could any project plans be changed to better reflect future requirements?

2. ORD's project areas were used as a basis for discussion as they reflected the long-range R&D and did not involve operational security problems as did some of TSD's operationally oriented programs. Two project areas [redacted]
